## **PRESIDENT'S MESSAGE**

As we step into 2025, I am filled with pride for the progress we've made and renewed purpose for the journey ahead. Our organization has always been a catalyst for architectural innovation, professional development, and community-building. Each year we grow stronger, and now more than ever we must evolve with the changing landscape of our profession and the world around us. This vision for 2025 reflects our commitment to strengthening engagement, expanding educational offerings, and deepening connections within our membership and the next generation of architects.

### **Engagement and Involvement: A Dynamic and Inclusive Community**

Our members are the heart of this organization. To ensure our future, we aim to make engagement more inclusive, interactive, and impactful. We look to increase participation from firms and members by promoting available opportunities. A key focus will be prioritizing volunteer involvement in committee roles and event support. Continuing to leverage firm liaisons and providing them with the tools to engage their peers will be vital to our growth.

### **Supporting Educational Programs and Initiatives: Advancing Knowledge and Practice**

Education remains a cornerstone of our mission. Looking into next year, we are more committed than ever to supporting architects' development at every stage of their journey. We are launching exciting new educational programs for students of all ages, designed to ignite passion and foster development. By expanding our educational offerings and mentorship programs, we hope to breathe new life into the Emerging Professionals program. Partnerships with architectural firms, universities, and industry experts will be key to ensuring our members have access to the resources and knowledge needed to excel in an evolving profession.

### **Connecting Student Chapters: Bridging the Gap Between Education and Practice**

The future of architecture lies with our students, and we must provide them with the tools, mentorship, and support they need to succeed. This year, I hope to forge stronger, more dynamic connections between our student chapters and the professional world. We will continue to offer portfolio reviews and career fairs while expanding new opportunities for engagement, ensuring that meaningful connections are made. By nurturing these relationships early on, we will empower students with the technical expertise and leadership skills needed to face future challenges and leave a lasting impact on the profession.

### **Together, We Build the Future**

Reflecting on all we have accomplished, I am confident the next chapter of our organization will be one of unprecedented growth, collaboration, and success. United by our passion for architecture, commitment to education, and belief in community, we will build a future where members are empowered, students supported, and our profession continues to inspire, innovate, and lead.

I cannot accomplish this mission alone. It is only possible by collaborating with dedicated individuals willing to contribute their efforts. I look forward to collaborating with and supporting the 2025 Board of Directors. We will continue the work of defining Board Member roles and empowering them to lead initiatives. My hope is that our Board will embrace their purpose, recognizing the responsibility to follow through and deliver results.

Thank you for your dedication to our organization. Together, we will make 2025 a year of lasting impact for the future of architecture and in our community.

Sincerely,

Sara DeSalvo AIA  
2025 AIA Rochester President

## **OUR MISSION**

AIA Rochester's mission is to promote the profession and practice of Architecture in the Greater Rochester Area. AIA Rochester is dedicated to providing its members opportunities for professional advancement, community involvement, and promoting design excellence in the built environment.

## **HISTORY OF THE AIA ROCHESTER CHAPTER**

The Rochester Chapter of the American Institute of Architects owes its beginnings to two sources. In the early 20th century, a few Rochester architects belonged to the Central New York Chapter, which covered a broad area from the Western line of Monroe County to the Adirondacks. In 1919, they soon recognized the need for a local organization and founded the Rochester Society of Architects. The Society quietly thrived for forty years, enjoying luncheons and an annual dinner. During the Great Depression the members set up mutual help activities as they worked to survive in those hard times. Later, with the development of better communications and easier travel, the National AIA became a recognized force.

In 1962 the Society voted to become a Section of the Central New York Chapter, and members became more active in AIA affairs. Soon thereafter, it became clear that Rochester architects would benefit from becoming an independent chapter. Application was made to the National Board of the AIA for a Chapter Charter, which was granted in October, 1968. Initially, the Chapter consisted only of Monroe County, however in 1981 Wayne, Livingston, Ontario, Yates and Seneca Counties were added. In 2014 Allegany County joined our chapter.

Since then, the Chapter has grown in health and size. Nationally it boasts of one of the highest percentages of member architects in its area. Programs expanded, and a central office was established in 1971. The loyalty and dedication of its members indicates its ongoing importance to the Rochester community.

The Charter members of AIA Rochester were Hugh P. Anderson, Florence England Bishop, William C. Burwell, Michael J. Doran, James W. Gemmill, Carl F. W. Kaelber Jr., Roger F. Leaper, G. Carroll Madden, Marvin Meyer, and Myron E. Starks.

## **CHAPTER AWARDS**

### **Emerging Rochester Architect of the Year**

**established 2009**

2009	Allen Rossignol	2015	Michael Short	2021	Stacy Welch

## **PAST PRESIDENTS OF THE AIA NEW YORK STATE**

AIA New York State is the voice of the architectural community and a resource for its members in service to society.

It is the American Institute of Architects New York State's (AIANYS) Mission to represent architects and the profession of architecture in government and provide services to the membership. Architects within the profession saw a need for representation, to achieve influence and maintain the integrity of the profession for their needs in governmental bodies.

The AIANYS Board of Directors comes together as a means of a cumulative voice for the 8000+ members and oversee the various operational aspects and activities. [www.aianys.org/about/mission/](http://www.aianys.org/about/mission/)

The individuals named below were AIA Rochester members while serving as president of the AIANYS Board.

<b>1947/49</b>	C. Storrs Barrows, FAIA
<b>1951/53</b>	Donald Q. Faragher, FAIA
<b>1965</b>	Allen Macomber, AIA
<b>1989</b>	Myron Starks, AIA

**Firm Philosophy** – CPL is a multi-disciplinary firm that has been serving public and private clients since 1975. We have grown in size from a small civil engineering firm of a half a dozen employees to a multi-disciplinary firm of nearly four hundred professionals in four states. From your first encounter with members of our staff, you will realize that we do things differently here at CPL. Our staff is dedicated to a client-centered philosophy of service that is based on three core beliefs. Our belief in full service. Our belief in personal attention. Our belief in Principal participation. This approach supports our goal in making the world a better place through exceptional design, dedicated service and lasting client relationships.

**Firm Philosophy** — Since 1994 Hanlon Architects has been providing all aspects of design, from programming through space planning, and from overall master planning through interior design. We are equipped with an aesthetically unique design approach that is client-driven and relies on the strong communication skills and diverse experience embodied by our 16 professionals. At Hanlon Architects, our passion for design and our commitment to the needs of each project have established us as a firm with many satisfied and returning clients. Our design work includes projects for corporate, health care, educational and retail facilities. It is our aim to channel our client's individual culture and vision into exemplary architecture while solving technical and practical design issues. This results in buildings and interiors that support and inspire their occupants. We take seriously the impact of the built environment on its occupants and the surrounding community and strive to encourage that relationship toward a positive outcome.

# **ASSOCIATE MEMBERS**

ASSOCIATE MEMBERS ARE THOSE WITHOUT ARCHITECTURAL LICENSES FROM A U.S. LICENSING AUTHORITY AND WHO ARE: HOLDER OF A PROFESSIONAL DEGREE IN ARCHITECTURE; OR EMPLOYEE UNDER SUPERVISION OF AN ARCHITECT IN A PROFESSIONAL OR TECHNICAL CAPACITY RELATED TO THE PRACTICE OF ARCHITECTURE; OR FACULTY MEMBER IN A UNIVERSITY PROGRAM IN ARCHITECTURE ACTIVELY INVOLVED IN RESEARCH, ADMINISTRATION, OR THE TEACHING OF ARCHITECTURE; OR HOLDER OF AN ARCHITECTURAL LICENSE OR EQUIVALENT FROM A NON-U.S. LICENSING AUTHORITY.

# **LICENSURE**

There are three major components to becoming an architect:

## **Education**

Education requirements vary by state. Check your local jurisdiction. NYS residents can refer to the Office of the Professions website: <https://www.op.nysed.gov/architecture>

## **Examination**

The [Architect Registration Examination](#)® (ARE®) is a multi-division exam that assesses your knowledge and skills.

## **Experience**

You'll need to document real-world experience through the [Architectural Experience Program](#)® (AXP®)

## **Licensure**

Once you pass the exams and complete the experience requirement, you can register for a license. Individual states grant licenses. You can become licensed in multiple states.

Compare licensure requirements of the 54 jurisdictions to decide where to get your initial license. Typically, to maintain or renew your license, you'll need to earn continuing education credits each year.

## **Update Licensure Information with AIA National**

After you have your first license you will need to change your status with AIA National from Associate to Architect. Complete the [2023 Associate to Architect Form](#) and send it to [memberservices@aia.org](mailto:memberservices@aia.org). Please allow three to five business days for processing. Your status in our directory will be changed at the next directory update.

[btimmons@landmarksociety.org](mailto:btimmons@landmarksociety.org)

**Our mission is to protect the unique architectural heritage of our region and promote preservation and planning practices that foster healthy, livable, and sustainable communities.**

**The Landmark Society of Western New York, Inc.,** is one of the nation's oldest and most active historic preservation organizations. It is a not-for-profit membership organization dedicated to helping our region's communities preserve and capitalize on their rich architectural, historical, and cultural heritage. The Landmark Society's service area covers nine counties in western New York centered on the City of Rochester.

The Landmark Society provides preservation consulting services to property owners; architects and design teams; developers and real estate professionals; community organizations and non-profits; municipalities and planning jurisdictions. We specialize in identifying historic resources and preservation opportunities and helping groups and individuals find tools, strategies, and funding sources to ensure economically viable use of those resources. Our preservation consulting services can be tailored to individual project needs.

### Our Consulting Services Include:

- Historic Resource Surveys
- National Register Nominations
- Historic Tax Credit Services
- Historic Research
- Preservation Advisory Services
- Outreach & Education
- Master Plans & Guidelines Documents
- Funding Sources & Grant Applications
- Land Use and Development
- Heritage Tourism

Thank you to all of you who have put your trust in me to document your work and provide new and interesting ways to express your designs in photographs. It will be 30 years in 2019 since I moved to Rochester and began working with AIA members here. As always, I'm ready anytime you need me, to photograph your projects or simply discuss the possibilities. It's been a great journey so far and I am looking forward to seeing what you may design in the future!
