I am grateful to the membership for the opportunity to be the chapter’s president in 2021. As challenging as 2020 has been, I am inspired by the creativity, effort, and unity put forth by the board, committees, and membership. Although the pandemic forced radical changes to our Chapter’s delivery of services, the creative and operational outcomes have been remarkable.

I believe we have all learned new ways of doing more with less. I do not feel diminished because we did not have a traditional awards gala, or that Swinging for Scholarships changed, or that most of our educational content was delivered online. The chapter is stronger, and we have some new tools at our disposal as we work back to “normal”.

We will always remember where we were, and where we were not, in 2020. I did not see the multitude of life altering events coming. Certainly not the magnitude of the challenges that we continue to face.

We have all been limited in our ability to be with one another this year. When I have had the chance to be with family, friends, community, and neighbors I have noticed moments that I might not have noticed in the past. I ask myself, “How can I move the needle?” As a nation can we come together to be more accepting, more equitable and more respectful of our differences. Its our differences that can and should make us all better.

I have hope that we will be more tolerant, not less. What can we do, as architects, to drive change? I encourage all of us to embrace and nurture your courage. If you see something that needs changing, speak up with those around you. What can you we together, not just individually?

As architects, we should aspire to design memorable public spaces. Create environments that lift all people up. Be active in the public arena. We have influence through our designs, our words, and our participation. Change needs to be intentional. Committing to a plan and follow through.

I received some advice prior to putting my thoughts to paper to consider the Chapter’s Strategic Plan in my remarks. As the chapter president is only in the position for a single year, the direction of the plan is necessary to impact change.

The Strategic Plan advocates for the profession and our members through outreach and education. In our current times, the initiatives that build the profession through strengthening the overall community around us are particularly compelling. Our Education efforts providing mentorships, supporting ACE and Girls in Architecture programs, and providing opportunities for all high school students to shadow architects are exceptionally valuable and meaningful.

2020 has taught us that Advocacy for architecture should start with advocacy for the communities where we live and practice. Now as much as ever, our communities need our special consideration and support.

Through strong Governance, the Chapter has always been fiscally responsible. No matter the curveball we end the year on or near budget. The results in 2020 will be the same but the path was unique. If we can take some of the stress off this operational task, we can focus more energy and resources on providing services.

The opportunities are numerous and the challenges daunting. Experiencing AIA Rochester’s response to 2020, I look forward to the future, to 2021, and to the change that we can influence in our profession, our lives, and the lives of everyone around us. I am excited to continue to pursue our potential together.

Thank you,

Andrew Petrosky, AIA
2021 AIA Rochester President
OUR MISSION

AIA Rochester’s mission is to promote the profession and practice of Architecture in the Greater Rochester Area. AIA Rochester is dedicated to providing its members opportunities for professional advancement, community involvement, and promoting design excellence in the built environment.

HISTORY OF THE AIA ROCHESTER CHAPTER

The Rochester Chapter of the American Institute of Architects owes its beginnings to two sources. In the early 20th century, a few Rochester architects belonged to the Central New York Chapter, which covered a broad area from the Western line of Monroe County to the Adirondacks. In 1919, they soon recognized the need for a local organization and founded the Rochester Society of Architects. The Society quietly thrived for forty years, enjoying luncheons and an annual dinner. During the Great Depression the members set up mutual help activities as they worked to survive in those hard times. Later, with the development of better communications and easier travel, the National AIA became a recognized force.

In 1962 the Society voted to become a Section of the Central New York Chapter, and members became more active in AIA affairs. Soon thereafter, it became clear that Rochester architects would benefit from becoming an independent chapter. Application was made to the National Board of the AIA for a Chapter Charter, which was granted in October, 1968. Initially, the Chapter consisted only of Monroe County, however in 1981 Wayne, Livingston, Ontario, Yates and Seneca Counties were added. In 2014 Alleghany County joined our chapter.

Since then, the Chapter has grown in health and size. Nationally it boasts of one of the highest percentages of member architects in its area. Programs expanded, and a central office was established in 1971. The loyalty and dedication of its members indicates its ongoing importance to the Rochester community.

The Charter members of AIA Rochester were Hugh P. Anderson, Florence England Bishop, William C. Burwell, Michael J. Doran, James W. Gemmill, Carl F. W. Kaelber Jr., Roger F. Leaper, G. Carroll Madden, Marvin Meyer, and Myron E. Starks.
CHAPTER OBJECTIVES & ACTIVITIES

OBJECTIVE 1: EDUCATION

CONTINUING EDUCATION (CES)
Continuing education is a requirement of membership in the AIA, as well as of the New York State Education Department. All members are required to obtain a minimum number of learning units each year in various forms of continuing education. AIA Rochester offers a variety of continuing education classes and programs throughout the year, from which members can obtain learning units for CES requirements. The Chapter automatically records these units for AIA Rochester sponsored events. Topics range from materials and systems to codes, design, and management issues.

ARCHITECT REGISTRATION EXAM (ARE)
The Chapter organizes and sponsors review classes for the Architectural Licensing Exam and has an extensive library that members can use to study for the exam.

OBJECTIVE 2: KNOWLEDGE DELIVERY

AIA ROCHESTER NEWSLETTER
The Chapter E-Newsletter is published on a monthly basis. It is circulated among members, affiliates, government officials, and advertisers. The newsletter shares information about the chapter and the profession with our membership and the community at large. We encourage all members to submit articles and information to the staff for publication.

AIA ROCHESTER WEBSITE
The Chapter web site provides its membership and the community with information about the profession, local architectural events and issues. It also includes links to member firms, AIA National and AIA New York State. Visit us at www.aiaroc.org

OBJECTIVE 3: EXTERNAL DIALOGUE

PUBLIC RELATIONS
Press releases and invitations to media personnel for events and activities are used to help advocate the architectural profession.

ACE
In support of its many member volunteers, AIA Rochester has become an official supporter of the thriving Rochester chapter of the nationwide ACE Mentor program. Students meet on a regular basis throughout the year with professionals in the architecture, construction and engineering fields to learn about career opportunities in the building industry and to design and construct a real, small scale project. For more information, visit https://www.acementor.org/index.php/affiliates/new-york/rochester/about-us/.
DESIGN AWARDS
Design Excellence Awards is a celebration of the profession. Firms and individuals submit boards for display. The Chapter sponsors an annual design awards competition. Local firms submit projects that are judged by an impartial jury. This black tie affair includes a multi-media presentation and refreshments. The Rochester Designers Unleashed Ideas Competition is intended to showcase the talents of young designers in our community. In 2017 we added an award called the Lifetime Achievement Award.

CAREER FAIR/SHADOWING
Schools can contact the Chapter office to request speakers for Career Days. Interested students can also be placed in half or full day shadowing programs at local firms. AIA Rochester also hosts an annual Career Fair for college students served by our component. Students are invited to share their resumes and portfolios and meet with participating area firms.

SCHOLARSHIP FUND
The Chapter, along with the Architectural Foundation of Greater Rochester (AFGR), AIA National, Bergmann, the family of Myron Starks, AIA and Women in Architecture sponsor an annual scholarship program. Awards are given to graduating high school seniors and college students pursuing a career from an accredited architecture school. Chapter members may contribute any amount to the fund at any time.

CHAPTER OFFICE
The Chapter is a full distributor of AIA documents to the architectural and construction industry. The Chapter maintains an extensive library of reference materials for exam review. The Chapter also acts as a community resource. It maintains a referral list for individuals and companies seeking an architect.

GOLF TOURNAMENT
The Chapter has been sponsoring an annual golf tournament since 1985 to raise funds for AIA Rochester education and scholarship programs. It currently cosponsors this event with the Architectural Foundation of Greater Rochester in September of each year.

OBJECTIVE 4: PARTNERS

ALLIED PARTNERSHIPS
ACEC and AIA Rochester partnered in ACES and ACES2 to design, raise funds for and build two homes for Habitat for Humanity. Many AIA Rochester members continue to work on additional worthwhile community projects in conjunction with such organizations as the Landmark Society, CSI, Habitat for Humanity, and many others.

CANSTRUCTION
Partnering with presenting sponsor, Buckingham Properties, the AIA Rochester Chapter encourages local architecture firms to create structures out of canned food in an international competition. Over the past 12 years, over 370,000 pounds of food have been donated through this competition to Food Link which helps feed the hungry in the Rochester, NY area.
OBJECTIVE 5: ADVOCACY

LOBBY DAY
Members travel to Albany to lobby our state representatives on issues important to architects. Lobby day is sponsored by AIA NYS.

GOVERNMENT AFFAIRS
AIA Rochester participates in AIA National and AIA NYS events which provide a forum to discuss legislative agendas as they pertain to the design professions.

HONORS AND AWARDS
The Chapter nominates local members worthy of National, State and Institute Honors, and facilitates their applications. The Chapter annually presents the Medal of Distinction Award, recognized as the highest award that AIA Rochester can bestow on a member. It is meant to distinguish lifetime service to the profession, the Chapter, and the community. The Chapter also has added a new award called the Emerging Architect Award Volunteer of the Year Award.

OBJECTIVE 6: INCLUSIVENESS

ERA (EMERGING ROCHESTER ARCHITECTS)
The Emerging Rochester Architects (ERA) is a subcommittee of AIA Rochester, and is chaired by the AIA Rochester Emerging Professionals Director.

ERA includes associates, architects, and architectural students who have an enthusiasm for architecture, design and Rochester. ERA is the vehicle for hosting events and programs that are fun, foster professional development, and engage the community with a focus on architecture and design. The broad nature of ERA’s framework allows the members to steer it in a direction that is their passion and will best benefit them, allowing future generations to make ERA their own.

PRINCIPALS’ ROUNDTABLE
This group was formed to gather local architecture firm leaders to discuss issues that affect the local architecture community.

SMALL PRACTITIONERS’ GROUP
AIA Rochester is starting a group of member and nonmember sole proprietors and small firm (up to 8 people) practitioners to discuss issues, work, ways to market yourself to the public with help from group support, and and any other issues that arise.

AXP
The Architectural Experience Program (AXP) is a structured program designed so that architectural interns acquire comprehensive experience in basic practice areas, explore specialized areas of practice, develop professional judgement, and refine career goals. Completion of the program is a requirement for initial registration in New York State. AIA Rochester supports interns by facilitating connections to advisors and providing seminars through which interns can earn AXP credit. See www.ncarb.org and http://www.op.nysed.gov/prof/archlic.html for more information.
GIRLS IN ARCHITECTURE
The 2020 Girls in Architecture & Engineering program is being provided at the Young Women’s College Prep Charter School for 9th & 10th grade girls for five sessions in March and April. Planning is just starting with the 25+ female architecture and engineering volunteers.

UNIVERSITY ARCHITECTURE PROGRAMS
A collaboration between AIA Rochester and the collegiate programs in the Greater Rochester area, including Alfred State College, Rochester Institute of Technology, Finger Lakes Community College and Hobart and William Smith, provide mentorship, jury critiques, AXP services, and lecture/continuing education opportunities.

CHAPTER HOLIDAY PARTY
The party is held annually in December at various locations. The local design community and municipal leaders are invited.

DESIGN AWARD JURIES
AIA Rochester is recruited on an annual basis to provide Design Award Juries. Chapter members have regularly acted in this capacity for AIA Chapters from across the country.

OBJECTIVE 7: GOVERNANCE

BOARD OF DIRECTORS
The Chapter maintains an active Board of Directors, which includes committees on Public Relations, Practice and Design, Education, Membership, and Associate affairs.

PAST PRESIDENTS’ COUNCIL
The Chapter has an active committee of Past Presidents, which acts in an advisory capacity to the current board on issues of the profession and of the community.

ANNUAL MEETING
The annual meeting is held in October of each year. Chapter business is conducted and results of the Chapter elections are announced at that time.
FELLOWS

Fellowship in the AIA is conferred on active members with at least ten years’ good standing who have made notable contributions to the advancement of the profession.

MEDAL OF DISTINCTION

The AIA Rochester “Medal of Distinction” is the highest award that AIA Rochester can confer on one of its own members. It recognizes distinguished lifetime achievement in architecture including design and professional practice and service to the profession, the community, education, and the arts, or any combination of these.

PAST PRESIDENTS OF THE AMERICAN INSTITUTE OF ARCHITECTS NEW YORK STATE

AIA New York State is the voice of the architectural community and a resource for its members in service to society.

It is American Institute of Architects New York State’s (AIANYS) Mission to represent architects and the profession of architecture in government and provide services to the membership. Architects within the profession saw a need for representation, to achieve influence and maintain the integrity of the profession for their needs in governmental bodies.

The AIANYS Board of Directors come together as a means of a cumulative voice for the 8000+ members and oversee the various operational aspects and activities. http://www.aianys.org/about/mission/

The individuals named below were AIA Rochester members while serving as president of the AIANYS Board.

1947/49 C. Storrs Barrows, FAIA
1951/53 Donald Q. Faragher, FAIA

## APD Engineering & Architecture, PLLC

**Established**: 1996

**Completed Projects** — 74 University Ave Apartments (MEP), Aldi Stores - Multiple Locations, ARC of Monroe - Middle Road, Buffalo Road Industrial Complex (MEP), Eastman Kodak - Multiple Projects, Fire Escape Inspections - Multiple Locations, Leo’s Bakery, Monro Muffler & Brake - Multiple Locations, Rochester Housing Authority, Taco Bell - Winton and Blossom, URC - Kwik Fill, Westage at the Harbor

**Firm Philosophy** — A NATIONAL FIRM WHO EMPOWERS OUR TEAM TO PROVIDE INNOVATIVE SOLUTIONS RESULTING IN ENDURING RELATIONSHIPS. APD manifests family values. APD is focused on personal growth for all employees while encouraging them to provide a more personalized experience for our clients. The company is dedicated to providing a great work experience for its employees by investing in their growth and careers; by not making them choose between work and family. APD wants employees who want to work here! APD is dedicated to efficiency. APD invests in and utilizes technology to their clients’ advantage. Through constant self-evaluation and critique APD seeks to steadily improve the efficiency of their services and the quality of the experience/product they provide to clients. This self-evaluation leads to more streamlined and precise processes, making APD a leader in prototype development for commercial, retail and QSR industries. APD invests in its future. APD purposefully invests in staff, technology and services offered. They have consistently expanded benefit offerings and training programs; invested in new software and hardware; and expanded service offerings to clients.

Firm Philosophy — CPL is a multi-disciplinary firm that has been serving public and private clients since 1975. We have grown in size from a small civil engineering firm of a half a dozen employees to a multi-disciplinary firm of nearly four hundred professionals in four states. From your first encounter with members of our staff, you will realize that we do things differently here at CPL. Our staff is dedicated to a client-centered philosophy of service that is based on three core beliefs. Our belief in full service. Our belief in personal attention. Our belief in Principal participation. This approach supports our goal in making the world a better place through exceptional design, dedicated service and lasting client relationships.

**Gong Glass Works**

Established 1979

42 Parkview Drive, Rochester, NY 14604

Phone 585-288-5520
Email nancy@nancygong.com
Website www.nancygong.com

**Firm Philosophy**

The spirit and energy of living things has always intrigued me and continues to be at the very core of my art. Inspired by the temperament of my Asian background, I constantly strive to capture the grace, abstractions of nature and the Orient come to life through the use of line, color, texture, balance and the silent beauty of glass and metal. In my architectural work, the emphasis is on the customer satisfaction; sensitive, responsive and enduring designs with a focus on quality craftsmanship.

**Completed Projects**

- Etched glass wall at RIT Administrative Services Bldg.
- ARTWalk of Rochester artistic etched glass bus shelter in front of Gleason Works

GREATER LIVING ARCHITECTURE, P.C.

3033 Brighton-Henrietta Town Line Road, Rochester, NY 14623

Established

Firm Philosophy — “Greater Living by Design” is something that we stand by for both residential and commercial design. By designing our client’s homes and business establishments with value, integrity, honesty and excellence, we can provide our clients with responsive service and an overall better personal experience. Greater Living Architecture has served western NY for over 40 years, providing constructions documents for thousands of commercial structures, new homes, additions and renovations. We approach all projects, regardless of scale, with attention to detail and consideration of what the customer wants and needs.

HANLON ARCHITECTS

1300 University Avenue, Rochester, NY 14607

Established 1994

Completed Projects — High Point in Victor, 600 East Ave, The Metropolitan Entry and Lobby, Riverwood Tech Campus, Crown Castle, Alstom

Firm Philosophy — Since 1994 Hanlon Architects has utilized an aesthetically unique design approach that is client-driven and relies on the strong communication skills and diverse experience embodied by our 15 professionals. Our passion for design and our commitment to the needs of each project has established us as a firm with many satisfied and returning clients. It is our aim to channel our client’s individual culture and vision into exemplary architecture while solving technical and practical design issues. This results in buildings and interiors that support and inspire their occupants. We take seriously the impact of the built environment on its occupants and the surrounding community and strive to encourage that relationship toward a positive outcome.

Expectations on corporate responsibility have increased, resulting in businesses developing sustainability strategies. The use of powder coating for architectural applications is growing in response to a focus on sustainable design. There are many environmental benefits of using powder coatings over liquid coatings: low or no VOCs, lower carbon dioxide emissions, toxic chemical elimination, energy savings, and reclaim/reuse. The EPA recommends powder coating as a sustainable option.

Consider writing powder coating into your project specifications:

- **MANY environmental benefits**
- Superior to liquid coatings – more uniform visual appearance, faster cure times
- Durability – better scratch resistance, corrosion protection, superior protection in high use/high traffic areas
- Textural effects, multiple coating types, thousands of color possibilities
- Multi-surface uses

**Central New York’s Premier Powder Coating Facility!**

Located in the beautiful Finger Lakes region of New York state, DeLoKa’s 35,000 sq. ft. powder coating facility offers the absolute best material handling space available to its customers. Being able to move materials around safely and in a timely fashion is crucial to DeLoKa’s role in a large-scale powder coating. We can coat most metals, from your common mild steels to your stainless steels, to coatings, aluminum, galvanized parts, and many more.

Thank you to all of you who have put your trust in me to document your work and provide new and interesting ways to express your designs in photographs. It will be 30 years in 2019 since I moved to Rochester and began working with AIA members here. As always, I'm ready anytime you need me, to photograph your projects or simply discuss the possibilities. It's been a great journey so far and I am looking forward to seeing what you may design in the future!

TREMCO
Roofing & Building Maintenance
“Providing Roofing & Weatherproofing Peace of Mind”

When your client wants to lower the operating costs of a building as well as keep it dry, architects can turn to one company for all the solutions they need—Tremco Roofing and Building Maintenance. Whether it’s a white reflective roof to help lower energy costs, a photovoltaic roofing system to help generate electricity, a lush vegetated roof to help manage water or renovations to the building envelope. Tremco Roofing brings more than 80 years of sustainable commitment to every project. To learn more about how we can support your client’s goals, call us today at (585) 305-2337
