

Open Letter to Architecture Program Directors and Deans:

RE: Architecture Scholarships

The Rochester Chapter of the American Institute of Architects (AIA Rochester) in conjunction with the Architectural Foundation of Greater Rochester (AFGR) is proud to announce that we are now accepting applications for the 2020 College Architectural Scholarship Program. These scholarships are jointly funded with contributions from AIA National, Bergmann Associates, the family of Myron Starks, AFGR, Women in Architecture, and are administered by AIA Rochester.

College students currently enrolled for the 2019 – 2020 academic year, residing within the seven-county area of Monroe, Wayne, Livingston, Ontario, Yates, Allegany and Seneca counties, or Greater Rochester member-firm areas served by AIA Rochester are eligible for consideration. Preference may be given to students enrolled in a degree program accredited by the National Architectural Accrediting Board (www.naab.org)

Emphasis for consideration is based upon the student's written response which should: address the primary reasons driving the decision to enter the profession, indicate what sparks a sense of passion and dedication to improving the built environment, and succinctly articulate the motivating factors behind pursuing architecture as a career. Additional emphasis will be placed upon the applicant's contributions to the community via civic, academic, social and leadership activities as well as the strengths contained in the required letters of reference.

Completed and valid applications must be submitted to:

AIA Rochester / AFGR
5 Castle Park
Rochester, NY 14620
Attn: 2020 Scholarship Committee

Applications shall be postmarked no later than 31 March 2020. Incomplete and/or faxed copies are not eligible for consideration and will not be reviewed. Questions may be submitted via email to Linda B. Hewitt at: lbhewitt@aiaroc.org. Please visit our website at aiaroc.org/2020-scholarships to download additional applications.

We look forward to your students' participation and wish them success!

Sincerely,

Linda B. Hewitt, Hon. AIA
Executive Director
